The Norwood Builder

1 Listen to Chapter 1 of the first story (from ‘I read what was in front of me’ to ‘when I had finished reading.’). Correct the information you hear Watson read from the newspaper report of the case. Check your answers on pp.12–13 of the book or in the answer key.

Mr Jonas Oldacre, from the district of Norwood, has died. The police suspect that he has been kidnapped. Mr Oldacre is a man in his fifties who has lived in Norwood, on the northern edge of London, for many years. He owns a banking firm there. Recently he seems to have stopped working as a banker and he rarely meets anyone. Mr Oldacre lives alone except for an elderly man who is his servant. Yesterday morning, he was visited at home by Mr John Hector McFarlane, an accountant who works in central London. Then, very early this evening, a fire was discovered in a timber store near Mr Oldacre’s house. All the wood in the store was burnt. But when the firemen had put out the flames, they found Mr Oldacre. He had slept in his bed, but a safe which he kept in his living room had not
been opened. The police found some fingerprints in the bedroom and they also found a heavy golf club, which belongs to Mr McFarlane. There were some fingerprints on the golf club too.

A door leading from Mr Oldacre’s bedroom to the garage was open. There were some footprints on the ground outside it which led towards the timber store. The police think that something heavy was put into the garage from the store. This morning, some strange pieces of burnt clothing were found among the burnt wood. The police do not know if the clothing is Mr Oldacre’s, but they fear the worst. They are searching for Mr McFarlane. They believe that he kidnapped Mr Oldacre and started the fire to burn his clothes. Inspector Lestrade of Scotland is the policeman investigating the case.
